

CIAO FLORENCE

Ciao Florence is our partner in Italy for spectacular tours. When we create short break and holiday options with our hotel and resort partners we want our guests to have the widest possible choice of what to do, where to go and what to see. You will see a huge selection on ciaoflorence.it/en our partner properties will offer help and guidance to help with your choice.

FLORENCE

CINQUE TERRE

There are literally hundreds of things to see and do and we fully expect you to navigate to most places on your own but we've selected tours to illustrate some things where some guidance might be best. When Finest Things Italian creates holiday packages we will routinely suggest at least one tour within our offer so you'll be able to get more information from our local travel partners in the UK.

We're waiting very patiently for the re-opening of the Florence tours that combine the Vasari Corridor with the Uffizi, we would love the excuse to visit Portofino and the visit to the Ferrari museum might be one we have to try just to be able to advise our customers you understand.
