

POGGIANTI 1958

MADE IN ITALY

POGGIANTI 1958

Poggianti make fine shirts from their factory near Peccioli in Tuscany. We are delighted to promote the brand in the UK and to recommend that any visitors to Tuscany take a trip to visit the factory and shop.

In the UK we will introduce the brand to independent menswear stores as well as promoting on line sales of made to measure shirts.

Like our promotion of the Italian National Tartan, our menswear stores, where possible, will offer made to measure services which can be relayed to the factory and your shirts delivered locally. Check out the regional pages of our site for participating menswear stores.
