

TOP DESTINATIONS

are an Italian based travel agent who Finest Things Italian is happy to recommend to our clients - particularly where clients are making use of the holiday opportunities by Synergise. Top Destinations are experienced at working with clients of DAE and so understand the detail about building a holiday plan around an exchange week.

COMING SOON

As part of the development of the agency the Top Destinations web site will soon be available in English to support the needs of British clients and anyone from the Finest Things Italian family who want expert travel services in Italy.

As a result of Covid 19 travel restrictions Finest Things Italian has asked Top Destinations to secure some extra special travel opportunities for British visitors, you will see some featured in our Finest Things Italian newsletters during early 2021 but you can get access to special offers direct from the agency by making contact [here](#).
