**VILLA TRENTUNO**

Based in Lucca, this artisan workforce produce the most original and bespoke creations. As a small and relatively new business Villa Trentuno brings vigour and variety to the ranks of Finest Things Italian and brings our consumers the most original of indulgences - perhaps as a special gift or just a personal reward.

Finest Things Italian will introduce Villa Trentuno to ladieswear boutiques in the regions of the UK and will bring the most imaginative and valuable sales promotions to make the purchase of one of these handbags the most fun experience.

Ideal of course when trying to match with a new outfit, you can make your own choices of colour and contrast to get the perfect accessory - a piece unique to yourself.

Best of all, when we introduce Villa Trentuno we bring the most amazing promotion that invites the customers to visit Tuscany and collect their own handbag with a special package from Finest Things Italian. Check out the regional pages of this site for a ladieswear boutique coming to an area near you soon.
